

The Future of Energy Part 1: An Introduction To Off-Grid Energy In Kenya Webinar

Segment	Description	Lead(s)
Welcome and House rules	<p>Ensure panel &amp; moderator are settled beforehand.</p> <p>Music &amp; poll.</p> <p>Welcome attendees to the session and launch poll while people get settled in.</p> <p>Introduce Ikigai and the Nemawashi Event Series</p> <p>Segue to Eric (moderator): Brief introduction into sustainability &amp; renewable energy – focus on Off-Grid energy and how it is the future of development.</p> <p>Introduce the speakers – Wanji Ng’ang’a, Andrew Amadi, Patrick Tonui &amp; Chalker Kansteiner.</p>	Stephanie & Eric
Introduction to Off-Grid	<p>After the COP26 summit, there has been an even greater urgency to find sustainable methods for development. One of the biggest industries in this conversation is the Off-Grid industry.</p> <p>What is Off-Grid Energy? Is the term interchangeable with renewable energy? Is it a niche of the discussion on renewable energy?</p> <p>Why is it important to how we think about development, sustainability, and the future?</p>	Eric Lu Sava, Wanji Ng’ang’a, Andrew Amadi, Chalker Kansteiner & Patrick Tonui
Development and the Off-Grid energy industry	<p>Why is it important to how we think about development, sustainability, and the future?</p> <p>How are different stakeholders involved:  Wanji discussing financing the industry  Andrew discussing policies &amp; development  Chalker &amp; Patrick discuss inclusion, innovations, &amp; policies</p> <p>With a brief on their organizations.</p>	Eric Lu Sava, Wanji Ng’ang’a, Andrew Amadi, Chalker Kansteiner & Patrick Tonui

	<p>Can the industry thrive without government participation?</p> <p>How has the Kenyan government supported or hindered the growth of Off-Grid projects in Kenya so far?</p> <p>What policies and laws are in place to facilitate renewable energy solutions locally?</p>	Andrew Amadi, & Patrick Tonui
	<p>What financing options are there for companies developing solutions in the Off-Grid industry?</p> <p>Are there projects Shell Foundation has overseen? Or any ongoing projects we can look out for?</p> <p>Please share a case study with us.</p>	Wanji Ng'ang'a
	<p>What has been GridX Africa's experience as an innovator in this industry?</p> <p>Has there been resistance, curiosity, or positive response to your larger scale projects?</p> <p>Please share a case study with us.</p>	Chalker Kansteiner
	<p>Where do you see the industry in 5 years?</p> <p>General and then specific to your organization.</p>	Eric Lu Sava, Wanji Ng'ang'a, Andrew Amadi, Chalker Kansteiner & Patrick Tonui
Q&A		Eric Lu Sava, Wanji Ng'ang'a, Andrew Amadi, Chalker Kansteiner & Patrick Tonui
Closing remarks	<p>Are there any resources you'd like to share with the audience?</p> <p>How can they learn more about you, your organization, and the projects you mentioned?</p>	Eric Lu Sava, Wanji Ng'ang'a, Andrew Amadi, Chalker Kansteiner & Patrick Tonui
Wrap up	<p>Thank you for joining. Upcoming event on innovators in the renewable energy sector.</p> <p>Details on where to contact Ikigai and the panel.</p>	Stephanie
